Graduation

- Reviews from graduation were great. Patrons and parents seemed to be pleased with our graduation.
- We do need to trim it down by at least 15 minutes for next year. Kristin and Natalie are working on ways to do that.

Trustlands

- A technology needs survey was taken.
- Mounted projectors and an iPad for the satellite classrooms have been purchased out of Trustlands money.
- Summer collaboration teams will be meeting this summer. Mr. Twitchell has allocated money from Trustlands for some teachers to collaborate together.

Items from Council Members

- Senior Video at graduation was football heavy. Very well done however... want to make sure all groups are represented.
- Hand out a "Do's & Don'ts" list for parents pertaining to graduation.
