

Update: March 23, 2020

Parents,

### **1. School/Office Hours**

Beginning today, March 23<sup>rd</sup>, school office hours will be 8 AM – 12:00 pm. At least one administrator and minimal office staff will be in the building when the school is open. The Main Office, Counseling Center, and Attendance Office are open Monday through Friday. The Finance Office will be open Monday – Thursday.

### **2. Westlake Athletes**

UHSAA has suspended all games, practices, and team gatherings. This is considered a Moratorium and athletes should not be accessing school facilities. This includes gyms, weight rooms, the football field and track, the baseball field, softball field, and tennis courts. This prevents schools from “obtaining an unfair competitive advantage” during the Covid-19 closure of schools.

### **3. Chromebook Pick-up**

Chromebook checkout will continue through this week. Due to limited staff, please go to the following link to select an appointment or there will not be a staff member able to assist you.

## **11. Technology Support**

Families and students, we have a technology support help form. It is on the district [alpineschools.org/onlinelearning](http://alpineschools.org/onlinelearning) page. We are changing it from "online learning info" to "technology help". If the issue is a problem with a document or resource in Canvas or Google Classroom, we will have the Innovative Coaches work with teachers to correct.

## **12. District Office Hours**

Because the District Office will also be following limited hours of 8 AM - Noon, please reach out to us by email, text or cell phone if you have any questions or concerns that arise. We will all be available to help anytime. Other district office staff will be available to answer emails during normal office hours.

## **13. Spring Activities**

We do not know what will happen with the spring sports/activity season. UHSAA has not provided any updates.

## **14. Drivers Ed**

A few clarifications about Drivers Education: Many of our students have done a portion of their Drivers Education, but have not completed all three things (classroom instruction, range, and road). If a student has paid for road/range but has not done it yet, they can either postpone and do it when school resumes, or get a refund and finish it out with a private company.

## **15. ACT**

ACT has canceled March 24th testing.

## **16. AP Tests**

The Advanced Placement (AP) program has made an announcement to address questions relating to the 2020 AP exam administration. **Please read the full update online and share this information with your AP Teachers, Principals, Counselors:**

[https://apcentral.collegeboard.org/about-ap/news-changes/coronavirus-update?SFMC\\_cid=EM288604-&rid=30601834](https://apcentral.collegeboard.org/about-ap/news-changes/coronavirus-update?SFMC_cid=EM288604-&rid=30601834)

Here are a few highlights from the update:

- For the 2019-20 exam administration only, AP Exams will be offered online only (students may test at home or schools may coordinate to test at the school site).
- Each exam will be 45 min

- The online exam will be offered on two dates
- Additional test date information will be released on April 3rd
- Any students can cancel the exam at no charge. We encourage students to wait on making sudden decisions. More information to come on this.
- Only units covered until early March will be covered on the exam (a detailed matrix highlighting what will/will not be covered for each AP courses is available)
- Beginning on Wednesday, March 25, students and schools will have access to free, live AP review lessons, delivered by AP teachers from across the country.
- These lesson will be hosted on AP's YouTube channel
- This can be used by teachers and students
- We'll update this [webpage](#) and share updates by email, the online AP communities, and our social media channels.
- We are in the process of developing a plan for AP Capstone, AP Art and Design Courses, and AP CSP.
- Colleges support this solution and are committed to ensuring that AP students receive the credit they've worked this year to earn.
- We recognize that the digital divide could prevent some low-income and rural students from participating. *If your students need mobile tools or connectivity, [you can reach us directly to let us know.](#)*

Thank you for your continued support.

Sincerely,

Gary Twitchell  
Principal, Westlake High School
